For those with a taste for the beautiful and the unusual, St. Francis Prayer Center offers the perfect venue for your gathering.

In summer, the Center is surrounded by gardens blooming with every kind of flower. In winter its forested acres showcase the drama of snow covered woods. Great windows allow the spectacle of the passing seasons to be enjoyed throughout the year.

Inside there is a variety of places and spaces, one or all of which can serve as the ideal setting for your special occasion.

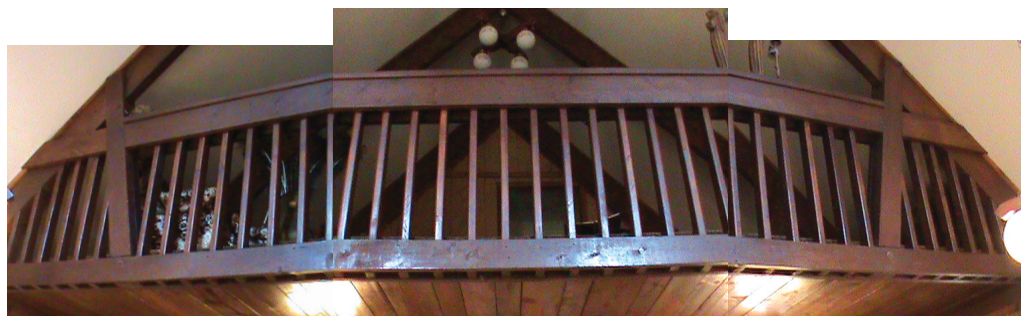

We can cater your event for you or you are welcome to arrange your own catering service.

Our rental fees are very affordable and are designed to make our facility available to all those who wish to use it.
